me: you should look at the update to yesterday's crazy party
Mark: once again, that guy is just missing a couple of logical nuts and bolts
me: he's a conservative artist
me: an artist
me: who is a conservative
me: he complained to my editor
Mark: about?
me: and he has a goatee
Mark: that's an important factoid
me: me publishing my parody of his cartoon
me: he's somewhat adrift in legal matters
Mark: i mean, it was a bit slapdash, i have to concede, but still
me: very well
me: anyway, I got his name as his e-mail was forwarded to me
